In re: Proposed Residential Business Planned Development  
400-18 E. Grand Ave.; 529-549 N. McClurg Ct.;  
and 401-29 E. Ohio St., Chicago, Illinois  
Zoning Amendment Application

Dear Alderman Reilly:

In connection with the above captioned Planned Development, the Applicant GHB 630, LLC proposes several improvements and relocations of existing City infrastructure, including widening McClurg Court to a uniform 48' width to enable the creation of a bicycle lane, providing countdown type pedestrian signals at the intersection of McClurg and Grand, moving the Grand Avenue CTA bus stop back to its original location west of McClurg Court, and relocating two existing streetlights and a parking pay box on Ohio. The project proposes adding a second driveway cut on Ohio and on Grand as well as relocating the single existing driveway cuts on each street. The project also proposes to dedicate approximately 2,636 SF to the City, both along Grand Avenue and McClurg Court, in order to create landscape planters and provide sidewalk widths that conform to City standards.

Your continued support in this matter is greatly appreciated.

Please feel free to contact me if you should have any questions. Thank you.

Sincerely,  
  
John J. George
